

# Touring accessory

Accessory for the short or long trip selected with our demand of quality.

**1. Leather tankbag** made with excellent craftsmanship, designed for the offroad use with additional sidestrap mounts. Cover with map enclosure. Bottom plate for HPN tank. The fixation on both sides assures the correct position of the tankbag even under hard offroad riding. Measurements: Length 340mm, width 230mm, height 250mm, art.: 950

**2. Leather side bags** for the HPN tank, they fit the HPN tank and take 3-4l containers. Dimensions: Length 210mm, width 170mm, height 300mm art.: 950.1

**3. Mikesh Hiker** the Rucksack/Hipbag combination takes 10l. Rucksack can be folded and fixed, if not needed, and you can carry it as an hipbag. Back and straps are well padded, straps are cut for best fit, pockets for coins and little things at the belt, safety reflex stripes, colour black. art.: 955

**4. Mikesh rucksack Niagara '97** "watertight", volume adjustable from 25 - 33l. Two incorporated plastic bags make it watertight, for drying they can be turned inside out. Cover and frontpocket are watertight also. The side pocket carries long items fixed by a velcro strap. The curved straps with buckles make it easy to handle the rucksack even dressed with protectors or rain suit. You can take the adjustable hip strap off and fix your rain suit or insulation mat at the front straps. Colours: black and black/petrol. art.: 955.1

**5. Niagara '98**, like the '97 model but the inner cover has a shielded zipper, adjustable breast strap, safety reflex stripes. Colours: black, black/petrol, black/red. art.: 955.2

Without pict. **Mikesh rucksack Michigan** "watertight", 18l volume other features like the Niagara. Colours: black, black/petrol, black/red. art.: 955.3

**6. Ortlieb Rack-Pack**, the variable, reliable, watertight motorcycle bag. The unique closing mechanism safely holds back rain and dust. The Rack-Pack comes with detachable shoulder straps and comfortable grips. You can use it as travel- or sport-bag also. For sizes see prize list. art.: 960

**7. Ortlieb Heavy Duty Packsack.** Long life and sturdy designed to keep your tent, insulation mat and sleeping bag. They are even more rugged than the Rack-Packs. For sizes see prize list. art.: 960.1

**8. Ortlieb Waterbag**, the sturdy alternative for plastic- or alu-cans with the flexible size. For sizes see prize list. art.: 960.2
